

# SHARON SUNNY

## Front End Developer

mailto:sharonsunny@gmail.com • [www.linkedin.com/in/sharon-sunny-31](https://www.linkedin.com/in/sharon-sunny-31) • Chittilappilly House, Chalakudy, Thrissur, Kerala

## Summary

I am a front-end developer from Kerala with **2.5 years of proven experience** in designing and developing responsive, user-centric web applications. Proficient in modern frameworks such as React.js and Next.js, I thrive in dynamic, collaborative environments where innovation and teamwork drive success. Recognized for academic excellence with a top **8th rank at Calicut University**, I bring a strong foundation of technical expertise and dedication to continuous learning. My goal is to master emerging technologies and deliver impactful digital solutions that add value to every project I undertake.

## Experience

### Gewan Infotech Solutions

Thrissur, Kerala

#### Front End Developer

04/2023 - 09/2024

A company specialized in providing tech solutions

- Developed responsive frontends with React.js, Next.js, Mantine UI, and Bootstrap
- Maintained backends using LoopBack and MongoDB to deliver robust applications
- Collaborated with cross-functional Agile teams to prioritize and complete tasks
- Created the GESSA Admin Panel in React.js for comprehensive employee management
- Led development of the G Connect suite (Super Admin, NodeAdmin, and End User modules), a comprehensive platform for booking flights, cars, insurance, and more.
- Implemented responsive UI for the Virtual Card Manager, enabling seamless employee management across devices.

### Telematum Healthcare

Kochi, Kerala

#### Front End Developer

09/2024 - Present

A healthcare technology company focused on innovation

- Next.js Developer working on a **medical web platform** that streamlines clinic operations, including appointments, patient queue management, medical records, and administrative workflows.
- Built a Next.js medical platform for clinics, covering appointments, patient queues, records, and admin workflows.
- Delivered a responsive UI with Tailwind CSS + ShadCN, integrated Zితadel for auth, and used Redux Toolkit for state management.
- Developed **Cognyn AI**, a multi-model chatbot supporting OpenAI, Claude, Gemini, Grok, and more.
- Built a modern UI with Tailwind CSS + ShadCN, and integrated Clerk for authentication/authorization.
- Added features including PDF/image uploads for contextual answers, WebRTC voice chat, chat export/sharing, and conversation rewriting across models.
- Created **Telematum's corporate site** with Next.js, Tailwind CSS, ShadCN, and GSAP animations for an engaging user experience.

## Freelance

### Front End Developer

Provided freelance front-end development service

- I developed an e-commerce website using **Next.js and Mantine UI**, featuring product browsing, detailed view and place order.
- I also built another e-commerce platform with **Next.js, ShadCN, and Tailwind CSS**, implementing user authentication and a mobile-friendly UI
